

tools of engagement

When you pop over to the Yakima Valley, you'll want to take along a few useful tools. Skis. Golf clubs. Hiking boots. Bicycles. A picnic basket. Fuzzy slippers.

But don't forget the most important tool—a good corkscrew! Because the Yakima Valley is the Gateway To Washington's Wine Country.

Relax, unwind, and savor award-winning wines right where they are grown. You'll be in the midst of over 40 wineries, with fine dining, all the outdoor recreation you can imagine, and 300 days of sun each year.

Call the Yakima Valley Visitor and Convention Bureau at 800-221-0751 or take a look at www.visityakima.com for more information.
